ACES Operations Update

All ACES coaches are assisting high school and college students to get access to technology such as laptops and Wi-Fi for school purposes. The Student Technology Survey was sent to all students on March 23rd to determine technology access at home to understand what type of support is needed. Please ask your students to complete the survey as soon as possible.

Transitioning to work and school takes time to adjust to a new routine. Please support and encourage your student to practice good mental health. Frequent breaks, having a conversation with a friend or family member, and physical activity are good mental health practices.

ACES Services and Support

Please encourage your student to stay engaged with their ACES academic coach to continue receiving services and support. Students can work with ACES academic coaches remotely through email and telephone as well as Google Classroom and Google Meet (high school), Blackboard Collaborate and Zoom (MC) and Webex (USG). This week in ACES students are:

High school students via Google Classroom, Zoom

- Receiving individual assistance with college applications and scholarships
- Participating in MCPS classes remotely

Montgomery College students via Blackboard Collaborate and Zoom

- Attending regular Spring semester classes online with professors
- Registering for Fall 2020 classes and completing the MC Foundation Scholarship application
- Using online support for help in campus learning centers
- Setting up virtual meetings with their ACES coach
- Working with MC job opportunity coordinators to develop resumes and job search skills

USG students via Zoom or Webex

Attending remaining spring semester classes virtually with professors as directed

Participating in virtual workshops on career readiness, financial literacy, and networking via Zoom or WebEx

Applying for internships, jobs, and graduate school
